Core Competencies

The Grey Wolf Group ensures mission success for their customers by providing the following support.

Mission Support

Administrative and General Management | Staff Officer Support | Document Management | Insider Threat | Analysis Support | Business Continuity Planning

Management Consulting

Program and Project Management | Information and Management Operations | Business Process Design | Process Improvement | Policy and Business Analyst

IT Support Services

System Integration | Agile | Software Solutions | Business Process Redesign | Data governance | Machine Learning | Artificial Intelligence

Differentiators

Our customers must work within boundaries such as budget and resource constraints, lack of automation, and limited tools, we help organizations realize real solutions to the real issues they manage every day. We achieve true success through a proven recipe of preparation, scope management, communication and data collection that produces measurable and tangible results.

HOW DO WE DO IT?

Unlimited Patience
Never Ending Curiosity
Desire to Work as a Team
Robust Strategy and Careful Planning
Sense of Urgency
Unwillingness to Quit
Corporate Alliances
Automation Partners

Always learning to stay ahead of the curve

Past Performance

Since The Grey Wolf Group, Inc. is a new company that was founded in 2021 our current past performance is based on our team's experience.

National Geospatial Intelligence Agency – Team experience

The Team at Grey Wolf has been able to get NGA PERSEC within IRPTA timelines for both Government personnel and Contractors. This was accomplished through process improvement projects, automation, and a complete revamp of business processes.

National Geospatial Intelligence Agency – Team Experience

The Team at Grey Wolf assisted in standing up the Insider Threat Program for NGA. This has enabled the Agency to meet all Insider Threat Guidelines and we provided the Data Governance along with new analytical techniques to NGA.
